### What are the key features of this product?

- This is a fixed rate mortgage product, which means your monthly payments won't change during the term of the product. The initial rate of 4.70% is fixed until 28 February 2030.
- Before this product ends, we'll contact you with the options available. If you do nothing at the end of the product period, our Standard Variable Rate (SVR) will apply, this could mean that your payments increase. We set the SVR and it may go up or down in the future. It is currently set at 7.99% and will not fall below 3.00% at any time during the life of the mortgage.
- This product is available on:
  - a Capital and Interest repayment basis. This means your monthly payments will cover the interest due for the month and a portion of the amount borrowed. Provided all payments due are made in full and on time, your mortgage will be fully repaid at the end of the mortgage term.
  - an Interest Only repayment basis. This means that your monthly repayments will only pay back the interest on your initial loan. The capital balance will not reduce. You must have a suitable method of repaying the initial loan at the end of the mortgage term.
- A £995 product fee is payable. This can be added to the loan on completion; however, this will result in interest being charged on it making the overall fee greater over the term of the mortgage.
- A cashback of £400 will be paid on completion of your mortgage. As this is intended to be a contribution towards your legal costs, the cashback isn't available if you're applying for additional borrowing or a product transfer.
- This product is available for properties in England or Wales that have a minimum value of £50,000.
- This product comes with one free standard mortgage valuation for all purchase and remortgage applications.

### Who is this product designed for?

This product is designed for customers if you:

- are looking to purchase or remortgage a Buy to Let property, and have prior mortgage experience.
- need the certainty of a fixed monthly payment for the term of the product.
- need a maximum loan to value (LTV) of 75%, excluding any fees added to the loan. The LTV is calculated using your current mortgage balance and our current assessed valuation of your property.
- want to borrow a minimum loan of £25,000 and up to a maximum loan of £1,000,000.

This product is not available if you are a Portfolio Landlord, for HMO properties or if the property is owned by a Limited Company. All applications are subject to the Society's general lending criteria, property value and satisfactory status enquiries.

This product may be withdrawn with little or no notice.

THE MORTGAGED PROPERTY (WHICH COULD BE YOUR HOME) MAY BE REPOSSESSED IF YOU DO NOT KEEP UP REPAYMENTS ON YOUR MORTGAGE

# **Buy to Let Mortgage** Five Year Fixed Rate until 28 February 2030

#### **Representative Example**

The overall cost for comparison is given as the Annual Percentage Rate of Charge (APRC) and includes all fees incurred relating to the mortgage and product. The APRC allows you to compare the cost of different products.

On a mortgage of £250,000.00 on an interest only basis payable over 25 years initially on a fixed rate for 5 years fixed at 4.70% and then on our Standard Variable Rate (SVR) of 7.99% (variable) for the remaining 20 years you would pay:

1 monthly repayment of £32.19, followed by 60 monthly repayments of £975.47, followed by 240monthly repayments of £1,653.94 1 final repayment of £250,000.00

The total amount payable would be £706,640.99 made up of the loan amount of £250,000.00 plus interest (£455,505.99), product fee of £995, a funds transfer fee of £20 and legal fee of £120. The overall cost for comparison is **7.0% APRC** representative.
